SCHOOL CALENDAR

HOME INSTRUCTION

Home instruction is provided by the Board of Education for students who, because of illness, must be absent from school for extended periods of time. Arrangements for such instruction can be made after consultation with the principal of the school.

REPORTING TO PARENTS

Progress reports are issued in the middle of each marking period.

Report cards are issued four times per year (see calendar for specific dates).

Parent/Teacher conferences are conducted once a year. Parents will be contacted and appointments scheduled. Evening conferences will be announced.

Parents are always welcome and are urged to come to school to consult with the principal and teachers regarding their child's progress. Parents are asked to call the school and make an appointment in advance of their visit.

SCHOOL HEALTH SERVICES

The Hasbrouck Heights School System is pleased to continue an ambitious Health Screening Program. The purpose is to identify potential health problems that may interfere with academic and daily activities of the student. Information or concerns should be shared with the school nurse. All communication will be considered confidential.

All new and transfer students are required to show documentation of a complete physical exam which was performed within the prior 365 days. Physical exams are required annually for all athletes and students who participate in strenuous physical activity.

All newly hired employees must have a physical exam and be T.B. Mantoux tested. State guidelines for T.B. screening require that students from out of the country, out of state or in certain towns/grades in New Jersey be T.B. Mantoux tested.

Height, weight and vision screenings are provided at all grade levels. Audiometric screening is also provided at 1st, 4th, 7th and 10th grades and as the need arises. Scoliosis screening is provided biannually starting in grade 5.

All students must be in compliance with all currently mandated immunizations as noted in the New Jersey State Sanitary Code. Students with infectious diseases must remain home until they are no longer contagious. In cases of Chicken Pox, the student must remain out of school until the lesions are healed and dry.

According to Board Policy, the administration of prescribed medication to a student during school hours will be permitted only when failure to take such medication would jeopardize the health of the student or the student would not be able to attend school if medicine was not made available during school hours. School nurses will provide necessary forms for physician and parent documentation. Medication should NEVER be sent to school with the student, it must be given to the nurse by the parent/guardian. Only the school nurse or parent/guardian may administer medication to the student.

Children who cannot attend regular classes in the public school may attend a special class or special school which provides for their individual needs. Arrangements for such instruction may be made after consultation with the principal of the individual school.

KINDERGARTEN ENTRANCE

To be admitted to kindergarten, a child must be five years of age by October 1st of the current year.

Registration of kindergarten children is held in the spring with late registration on the day school opens in September. Parents/guardians of each entering student must present a copy of the child's birth certificate, proof of residency, and documentation of a complete physical and dental examination, including a history of significant health conditions. All immunizations that are required by New Jersey State law must be completed and appropriately documented. Those students who are not in compliance with the above will not be able to attend school until the regulations are met.

COLLEGE ENTRANCE EXAMINATIONS

Applications for these exams are available from the Guidance Office and should be filed six weeks prior to the test date. The school code for Hasbrouck Heights High School is 310510.

WORKING PAPERS

Anyone under eighteen years of age will require working papers for all types of jobs. Working papers are issued through the school. The prospective employer must fill out a form telling the kind of work the student will be doing and the number of hours he will be working. The student must also be examined by the school doctor. If the medical examination is satisfactory, the school issues the papers.

Working papers may be secured from the secretary in the guidance office of the high school from 8:00 p.m. to 4:00 p.m. while school is in session and from 9:00 a.m. to 3:00 p.m. during July and August.
