HASBROUCK HEIGHTS - N. J.

Represented by

# Hasbrouck Heights

**H**ASBROUCK HEIGHTS is, in point of elevation, scenery and surroundings the most beautiful nearby suburb of New York. It is from 200 to 350 feet above tidewater; high, dry, and absolutely healthy, and has an all year population of 1800 home owners. It is only 30 minutes from foot of Chambers st., 35 minutes from West 23d st. and even this will be cut down one-third when the elevation of the tracks now under way in Jersey City is completed. Trains are frequent and comfortable, and commutation is low. Streets and avenues are broad, macadamized, shaded and flagged. Gas, electric light and city water of the best are here.

## Houses Built to Your Order.

**I**F you want to build a house after your own ideas we will buy you a fifty foot plot in any part of Hasbrouck Heights, furnish preliminary sketches and final building plans and specifications free, furnish the money to build it with, and complete your house in three to four months from signing contract according to season of year and size of building. Only ten per cent down required—less will do if necessary. Send your ideas for sketches and estimate to

## Our Architectural Department

is in charge of architects of wide experience in designing tasteful, artistic suburban cottages. Send us your ideas drawn in your own way, no matter how crude, and we will send you without charge a special sketch of floor plans and elevations, together with a close estimate as to what we can build it for—or better still come out personally and look over the ground and examine our large collection of plans.

## To Rent.

**M**OST of our residents are home owners. If they are not at the start-off they soon become such and begin to pay rent to themselves. If you wish however to make a "trial trip" before investing or to rent while your house is building so as to watch its construction we always have a few houses, flats and apartments to rent at from \$10 to \$35 per month. ## Houses For Sale.

**W**E have some rare bargains in houses ready for immediate occupancy at from \$1400 to \$8000. They are well built, handsome in design and are all on plots 50 feet front or larger. Some can be bought with but little cash down—almost no cash down if you are all right—your rent will pay the balance. Send for list.
